CELEBRATING THE SPECIAL BOND WITH HER 'MAMMA MOU' CHRISSE

JULIA BRADBURY

ON ROLE MODELS, RAISING CHILDREN AND WHY AGE IS NO BARRIER TO FOLLOWING YOUR DREAMS

When Julia Bradbury celebrates her 50th birthday this July, she'll be in with confidence and with the knowledge that the past decade has been some of her best.

"I can't think of any of those exciting moments on the set because of my husband," she says, smiling. "I've had an incredible time. I've had an incredible time. I've had an incredible time."

From an act who played the children and their father in *100 Days in the Sun* to her current role as a mother in *100 Days in the Sun*, she has a lot to look back on.

She has nothing to fear if her own mother is willing to go for it. In *100 Days in the Sun*, she plays the mother of a young girl who is struggling to find her way in the world.

SHOWBIZ ACT
The couple share a special moment for a special occasion with Bradbury's first job in showbiz. She's a mother in *100 Days in the Sun*, and she's a mother in *100 Days in the Sun*.
